

America's Choice for Year-round Color

Looking for a dwarf, low-maintenance, easy to grow, evergreen shrub that flowers and provides year-round color? Let us introduce the perfect plant for you . . . Abelia Kaleidoscope. Spring ushers in fresh, variegated, chartreuse-yellow new growth followed by golden-yellow variegated foliage and pure white, bell-shaped flowers in summer. With the onset of cooler weather, the color show only gets better. Brilliant orange and fiery-red highlights set the plant ablaze in a beautiful display of stunning foliage. With a constantly changing array of colors, Abelia Kaleidoscope is truly a plant for ALL seasons!

- Blooming (Summer – Fall)
- Dwarf Habit (3' x 4')
- Evergreen (Foliage Color Changes With The Seasons)
- Low-maintenance (Minimal Pruning)
